

International Proficiency Test NAT

Yes, I would like to participate in the next International Collaborative Study on NAT-based detection of contaminations in cell culture materials and biologicals.

- Mycoplasma
5 samples, service fee 280 €
- Sterile ATMPs (includes mycoplasma, bacteria, yeast, and fungi)
10 samples, service fee 400 €

Please note, that the proficiency test starts May 15th, 2023. It will be available for customers using Minerva Biolabs or Sartorius Stedim Biotech diagnostic products, only. We will issue the invoice for the service fee plus applicable taxes and shipping costs with the shipment of the samples.
